

FEI Courses for Driving Officials in Hungary 2015 **...focus on the shape of a promising future for Driving.**

The FEI Courses for Driving Officials, in Vecsés, in Hungary 2015 were truly an international event.

It was a great honour for the Hungarian Driving sport community to be able to bring together so many Driving sport experts and enthusiasts from all over the world, to welcome 36 representatives, from 15 Nations, in February 2015 in Vecsés.

Attempts were made, to create optimal conditions for 3 interesting days – where the modern Driving sport was in main focus. Top executives of the international Driving sport could be won as FEI Course Directors – and it was a great pleasure to welcome:

Richard Papens from Belgium, FEI Course Director for the Technical Delegate education

Christian Iseli from Austria was responsible for the Course Designers

Jan Pośluszny from Poland in Vecsés for a big group of Driving Stewards for promotion and maintenance

For theoretical parts of the FEI Courses, there were optimal terms in the modern Conference centre of the Budapest Airport Hotel. The practical parts were - in marvellous sunshine - at the very nice venue of the Hungarian CAIO4* for Four-in-Hands, at the international top Driving sport venue, the **Dobrovitz Lovasfarm**. Very big thanks go to the family Dobrovitz, for their hospitality and great support.

Those FEI courses were designed, to support the candidates on their journey to their education and qualification, as well as, continued refresher seminars for those officials already qualified previously.

The organisation team thanks all participants for their great involvement, is very pleased about the great positive feedback, and would be very happy to welcome all again at further trainings and education seminars.

Hungary – were the modern Driving sport is in Focus!

Mr.József Mondok, President of the Hungarian Driving Committee, summarizes it to the point: *"We, the members of the Hungarian Driving Committee, are on the exact opinion, that education has to be one of the most important things, and well-educated people in official positions, are the base of our sport, and the guarantee of a successful future for our beloved Drivingsport."*

Welcome again – as soon as possible - to Hungary - the country where Driving Sport has a great tradition and is particularly important in the heart of the people!
